Corporate Only Guidelines

A general guideline for approval based on only corporate credit include meeting the following three criteria:

- Over five years time in business under current ownership
- Over 50 full time employees
- Diversified ownership of 5 or more people

Check this box to submit this application using **only** corporate credit.
Please note: submitting a corporation-only application can reduce your chances for approval or result in a smaller approval amount.

Check this box if your business does **NOT** meet all three criteria above, but you still want to be considered for a corporate only approval.
Please note: You will need to complete the Ownership section for 100% of the owners. We will review the credit of the owners as part of the underwriting process and will advise you if we can approve your application based solely on corporate credit.
