Senior Living Solutions

## Senior Living Solutions

*Keeping people safe since 1987*

# CODE ALERT®

Since 1987, RF Technologies has designed and delivered customizable real-time locating system (RTLS) wireless safety and security solutions for senior living. With RFT's advanced technology, residents, and their families, have peace of mind, staff work more efficiently, and facility liability is minimized.

## Nurse Call Systems

### Help is On the Way

RFT's Quick Response® Nurse Call Solutions with enhanced Code Alert software create a secure, homelike environment with improved resident safety, increased staff efficiency, and reduced liability. UL 1069 & UL 2560 certification with the convenience of wireless and wired options ensuring quality, safety and performance for your residents and staff.

## Wander Management

### A Secure Environment is Crucial

Code Alert Wander Management Solutions keep residents at risk of wandering safe, reducing the risk of elopement, injury and liability. Residents are monitored via transmitters that promote mobility in a homelike, barrier-free environment, while allowing visitors and staff to move easily throughout the community.

## Fall Management

### Better Resident Outcomes, Less False Alarms

Code Alert Fall Management Solutions automatically alert when a resident may have fallen. With three safety options to choose from, RFT ensures that every resident receives the care they require.

## Staff Protection

### More Than Just a Badge

The RFT HELP ALERT® system offers an intuitive staff protection solution with features like 3D-iD® pinpoint locating, programable badge with button or multi-button fob design, and real-time alerts, ensuring swift response and prioritizing the safety of healthcare staff in crisis situations.

## Code Alert Software

- Provides actionable data for quality assurance and performance improvement.
- Results in enhanced care and greater staff and operational efficiencies.
- Enables compliance with latest CMS long term care requirements.
- Browser-based interface allows remote access via your facility's secure web connection.

## Quality Dashboard

The Enterprise Quality Dashboard provides a set of tools to analyze trends, identify patterns, understand response times, resident needs, and staff performance.

- **Care Time**  
Allocate budget efficiently
- **Call Reason**  
Analyze resident patterns
- **Caregiver Response**  
Build a record of performance

**Fall Management Pendant**  
Advanced wearable technology automatically issues fall alerts, even if the resident is unable to trigger nurse call.

**Fall Management Sensor**  
Highly accurate, artificial intelligence (AI) driven 4D point cloud imaging monitors residents 24/7, and issues alerts to caregivers.

**Wireless Call Pendant**  
Worn as a necklace, wristband, lanyard, or on a belt clip; providing quick access to request assistance.

**Wall-Mounted Call Station**  
Stationary call devices residents use in selected areas.

**Staff Protection**  
An intuitive staff protection solution with features like 3D-iD® pinpoint locating, multiple alerting device designs, and real-time alerts.

**Code Watch®**  
Worn as a bracelet, the Code Watch prevents elopement without restraint.

**Touchpad Exit Controller (TEC)**  
Triggers an exit's lock and used to bypass or silence alarms; LEDs only illuminate while in-use.

**Fall Management**  
Reduce risk of falls; works independently or integrates with call system for a local, silent alarm.

# Service and Protection Plans

## Protection Plans

RF Technologies offers three levels of Protection Plans to meet your specific system and service needs. Plans are available in one- to five-year packages, offering extended hours of coverage:

- **Basic:** Base-level package with functional inspection service
- **Extended:** Best for facilities with in-house maintenance staff
- **Complete:** Complete suite of services with full parts and labor coverage

**All of our plans come with our after-hours Level 2 technical phone support, available 24/7/365.**

By bundling one of our world-class plans with our expert services and our guaranteed response, you can be confident your system can achieve your security, performance, safety, and budget goals.

Protection Plan Benefits	Basic	Extended	Complete
