

# RFT Healthcare Robot

- ✓ Delivers Quickly, Safely and Efficiently
- ✓ Improves Resident Experience
- ✓ Allows Staff to Concentrate on Higher Level Tasks

**RFT's Service Robots are revolutionizing how the senior living industry thinks about staffing, operations, and the resident experience.** The autonomous robot works alongside your clinical staff, enabling them to spend more quality time with residents as well as their colleagues and co-workers. The RFT Robot improves labor efficiencies and staff productivity, while reducing delivery errors and delays.

## RFT's Robot Answers the Industry-Wide Labor Shortage

If you've been frustrated trying to find and retain enough qualified healthcare employees, the RFT Robot complements and protects your frontline healthcare workers, enabling them to have more resident-facing time, minimizing workloads, and assisting with deliveries. Communities use RFT Robots to make contactless deliveries from their pharmacy, kitchen, housekeeping and more, to every corner of their communities, quickly and efficiently.

See what the RFT Service Robot can do for your community today.
