

ONE PRESS TO PROTECT™

RF Technologies is proud to introduce the newest member of our Help Alert® family. The Pendant is the smallest Long Range Bluetooth® Low Energy staff protection solution on the market. Learn more about its cutting edge features below.

Indoor & Outdoor Coverage

Durable casing and Long Range Bluetooth® technology enables coverage from parking lots to patient rooms.

Tactile & Visual Feedback

Button uses vibration and lights to discreetly indicate when an alert is sent, and help is on the way.

Replaceable Battery

Easily replaceable battery eliminates the need to completely replace the device once the battery dies.
