

# Quick Response® Plus UL 2560 Wireless Quick Touch® Call Pendants

CODE ALERT®  
Senior Living Solutions

The Quick Response® Plus Wireless Quick Touch® Call Pendants enable residents to summon help with the press of a button. When activated, staff receive an Assistance Required alarm and are alerted to the resident's location, improving response times.

- Comfortable for active lifestyles; discreet appearance promotes dignity and a home-like environment.
- Provides greater mobility for residents as it can work both indoors and outdoors (depending upon configuration).
- The high contrast activation button is easy to find for residents while the button recess reduces false alarms.
- Alarms are cleared with a swipe of the clearance card.
